

## **GDPR Data Processing Addendum: Approved Sub-processors**

This document lists the Approved Sub-processors currently used by Provider's system. It is a separate document, incorporated by reference into the GDPR Data Processing Addendum, so it can change as necessary.

List of Approved Sub-processors, currently used by Provider (last updated on 2 May 2018):

- Amazon Web Services in Ireland: leases services and computers to Provider. From public sources, their address is reported as Amazon CS Ireland Limited, Unit 27, 6400 Cork Airport Business Park, Kinsale Road, Ireland.
- Systems that Customer has instructed Provider to use, e.g. Customer's ESP (Email Service Provider).
